

## *Knitting in the Old Way* first printing errata

All of the information is in the book and has been checked for accuracy almost to the point of obsession. But due to an electronic glitch between proofing and final output of the production files, two chunks of pages have switched positions. The Swedes from Chapter 9 / Color Patterning, migrated to the end of Chapter 8 / Style Alternatives.

To correct your book, you only need to use ONE of the two fixes listed here.

**Fix 1:** This web site contains an alternative page 7 (the second page of the Contents) with numbers that correspond to those printed on the pages, as well as an index that has been adjusted to correspond to the numbers printed in the book.

**Fix 2:** renumber the wandering pages, as follows:

| <b>To put the start of Chapter 9 where it belongs:</b> |                              |
|--|------------------------------|
| <b>Replace this page number</b>                        | <b>With this page number</b> |
| 143  | <b>131</b>                   |
| 144  | <b>132</b>                   |
